Exhibitors

More than 500 companies exhibit in 400,000 square feet showcasing thousands of products and services. Plus, there are nine gardens to stroll through and several other show features to visit: the American Society of Interior Designers, the Colorado Federation of Garden Clubs' Flower Show, the Garden Market, the Lifetime Home Remodeling's Kid's Zone and more!

5. Slow Down and Smell the Flowers

7. Be Ready to Shop

There are many items you can purchase right at the show. In addition, exhibitors may offer special show pricing so be prepared to purchase while attending the show.

7 TIPS

for Getting the Most Out of the **Colorado Garden & Home Show**

1. Review the Program Guide

Use this Official Show program listing all exhibitors and product categories to find the companies and products you are seeking.

2. Attend an Education Seminar

An important part of the Colorado Garden & Home Show is the ability to find people who know how to build, remodel, design, landscape and provide the products and services. Another way is to attend an education seminar. Seminars are held in Bellco Credit Union's Theater at the end of aisle 1000 and are included in the price of admission.

3. Don't Just Browse - Talk to Our

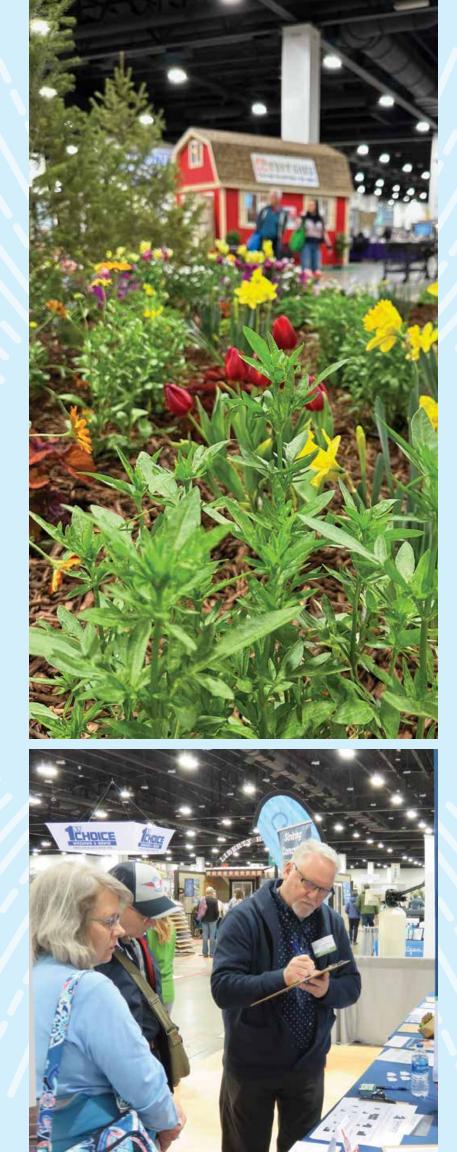

If you are interested in a product or service, leave your name, email, and phone number, and ask the vendor to follow up with you after the show.

4. Carve Out Time to See it All

There are more than 8,000 blooming flowers comprised of 75 varieties of annuals, perennials and bulbs, and hundreds of flowering trees and shrubs. Don't miss the Education Garden where you can get all your questions answered by CSU Master Gardeners. Take time and enjoy this little bit of spring in the middle of winter.

6. Pick a Meeting Place

In case you get separated from your party, we suggest meeting at the Lost Person area near the Information Center inside the show entrance.

STUDENT GARDEN Garden Theme: Gardens in Bloom

Our garden represents the pride we have in being the Wheat Ridge High School Farmers! We are proud of our Agriculture Program and all the amazing opportunities our Agriculture classes have to offer.

Wheat Ridge High School Agriculture Program, established in 2020, is a unique 2-year plant pathway program and is the only high-school based Agriculture program in Jefferson County. The school year is filled with many activities and events for students to learn more about horticulture, landscaping, urban farming, and to develop their leadership skills. Guest speakers frequently visit the classes to talk about skills and careers in agriculture and the 2nd year students work weekly at a community garden. There are also raised garden beds at our school where students can grow vegetables, learn garden maintenance, and how to install and change irrigation.

Show Proceeds Awarded in **Scholarships and Grants**

Colorado Garden Foundation (CGF), a non-profit that funds horticulturalspecific projects and scholarships throughout Colorado, has awarded one full-ride scholarship to Rebekah Buena of Westminster, CO. Rebekah received a full four-year scholarship to Colorado State

University and started her jouney at CSU as an incoming freshman last fall.

The CGF scholarship program covers the tuition, room & board, fee, and all supplies for four years for a student attending a public college or university in Colorado. There are currently four full-ride CGF backed students attending Colorado State University.

Rebekah joined the ranks of 18 other current students and alumni who have benefited from Colorado Garden Foundation's scholarship program since its inception in 2007. Additionally, Colorado Garden Foundation contributes grant funding annually to support various horticultural endeavors across the state, helping fund projects from educational and healing gardens to food banks, parks, and trails. This year, Colorado Garden Foundation celebrates its 66-year anniversary and its legacy of contributing more than \$13 million across the state to date. The 2025 grant and scholarship program will award more than \$800,000

"I have the greatest job in the world, at least that's the feeling I get when I award grants and scholarships to deserving organizations and individuals, using ticket proceeds from our shows each year," said Jim Fricke, Executive Director for Colorado Garden Foundation. "Awarding a full-ride scholarship to Rebekah was especially rewarding for me and for everyone on our Board this year. We've never met a young person quite like Rebekah. She will succeed and we are proud to provide her the financial support to do so.'

Colorado residents who are high school seniors and intend to pursue a horticultural area of study are encouraged to apply for the scholarship program each year, which places an emphasis on need of students applying. Colorado Garden Foundation grants, which are also awarded annually, are considered through an application process as well, and range from \$200 to \$15,000, with funds supporting community gardens, greenhouses, horticulture therapy programs, healing gardens, children's reading gardens, landscape and trail improvements, bird habitats and educational gardens and programs, just to name a few.

Since the 1970s, Colorado Garden Foundation has awarded more than \$13 million to more than 600 organizations in Colorado, using ticket proceeds from the Colorado Garden & Home Show and Colorado Fall Home Show, both taking place annually at the Colorado Convention Center.
